The Bank of England Base Rate (BEBR) is a variable rate set by the Bank of England. BEBR is currently 3.75%.

Representative example:

A capital and interest mortgage of £161,744 payable over 276 months on a fixed rate of 5.19% for 5 years and then our variable tracker rate of 1.99% above the Bank of England Base Rate (currently 3.75%), for the remaining term would require 60 monthly payments of £1,169.16 and 216 monthly payments of £1,225.39.
The total amount payable would be £379,052.88 made up of the loan amount plus interest and £0 (product fee), £80 (final repayment charge), £25 (completion fee).

The overall cost for comparison is 5.7% APRC representative.

Additional Information

All products are subject to availability and may be changed or withdrawn at any time without notice. Fees, charges and interest rates may vary and are correct at the time of going to print.
Please refer to our current Mortgage Tariff of Charges for more details on our fees and charges.

- You are strongly recommended to have life assurance in place to cover the full amount of all sums that you may borrow from us under the facility.
- The minimum age for applying for a mortgage with Barclays is 18.
- Mortgages are not available for commercial purposes or use.
- The repayment frequency for all mortgages is monthly.
- All mortgages are subject to application, financial circumstances & borrowing history. Terms and conditions apply.
- A first charge over your property is required as security for our mortgage.

Key Features
- The maximum term available for residential applications is 40 years (25 years where any element is interest only and 35 years for any Family springboard mortgage during the deposit term).
- For BTL applications, the maximum term is 25 years.
- Mortgages are available on an interest only and / or repayment basis. For an interest only mortgage, it is your responsibility to ensure that you have sufficient funds to repay the mortgage at the end of its term.
- The Loan to Value (LTV) is based on the lower of the purchase price or our valuation.

Premier Exclusive Rates
- Customers must hold a Wealth / Premier Banking relationship with Barclays to apply for these products and qualify for retail underwriting
- The overpayment allowance for Premier Exclusive fixed rates is 25% per annum.

The Great Escape™ and Switch & Save remortgage package.
- Our standard legal service will include solicitor's fees directly relating to the remortgage (registered land only) and Land Registry fees.
- Excludes: any other legal fees, money transfer fees or additional fees incurred in connection with dealing with leasehold, shared ownership properties or registration fees relating to Sasine properties in Scotland, other mortgage charges or changes to mortgage parties. So, in the case of a remortgage where it includes, for example, a change of names on the mortgage or the first registration of unregistered land, you will be liable for any associated fees.
- You will be advised by the solicitor of additional costs applicable to your circumstances and charged separately for these.

Rate Types
- Fixed Rates: A fixed rate provides an interest rate that remains the same during the fixed period of the loan. After the fixed period of your loan our fixed rates revert to the follow-on rate, which is the Bank of England Base Rate plus a margin. This gives you the peace of mind of knowing that your monthly repayment will stay the same for the period during which the rate is fixed, as long as payments are made for the correct amount and on time, allowing you to plan accordingly.
- Tracker Rates: All Base Rate Trackers are linked to Bank of England Base Rate. As the rate is linked to a variable rate, your monthly repayments may increase as well as decrease. This is the only product type available for "Offset" mortgages.

Early Repayment Charges (ERC)
- During an early repayment charge period, additional payments within a set allowance can be made without incurring an ERC.
- Our fixed rate products allow overpayments of up to 10% of the outstanding balance each year, without incurring an Early Repayment Charge (ERC). (Premier Exclusive fixed rates allow 25% per annum).
- Where an ERC applies on our tracker products, an overpayment of up to 25% per annum is available without incurring any Early Repayment Charges.
- Please refer to the Mortgage Information Sheet and Mortgage Offer to confirm any specific Early Repayment Charges (ERCs) applicable.

Valuations
- To lend on a property, Barclays require a valuation to be carried out for mortgage purposes.
- This valuation is commissioned by Barclays using a valuation approach of our choosing.
- Barclays valuations for residential purchase applications with a property value up to £3million and all remortgage applications (including buy to let) are not disclosed and no fee is payable by the customer.
- For BTL Purchase applications, no valuation fee is payable for properties valued up to £500,000.
- For more information on valuations, see our Guide to Mortgage Valuations.
- Where a property does not meet the anticipated valuation and results in the chosen product maximum LTV being exceeded a new product may be chosen from the current product range applicable at the time of the down valuation, not the range available at point of application.

EMC Reward Rates
- Exclusive to existing customers switching rates or borrowing additional funds.
- Further borrowing on Offset mortgages can only be by means of an Internal Remortgage.

Switching to a New Rate
- If you are looking to switch the rate on your existing Barclays mortgage, you may be eligible to do so online without advice. If you would prefer to receive advice, call us to arrange an appointment with one of our mortgage advisers.

Switch & Fix
- We offer a Switch & Fix option on our Tracker products which have an Early Repayment Charge (ERC), allowing you to switch to any fixed rate product available which you are eligible for without incurring an early repayment charge.
